## Savings & Loan Shows Investment \$313 Per Capita

Assets Per Capita More Than Dade Co's Associations Combined

Progress of the Everglades Federal Savings and Loan was emphasized recently in the statement of a director of one of the biggest associations in the county.

"You're a bigger potato in your field than we are in ours. Your association's per capita assets are greater than the combined per capita assets of all associations in Dade County," he said. The comment was included in a letter to Hugh J. Bratley, secretary of the local association.

Bratley revealed that organization records show an average investment of \$313 for every man, woman and child in the city.

Story of the Everglades Federal has been one of unusual progress since its beginning in 1933 with \$2,500 initial capital.

During 17 years of existence, the organization has made the capital nearly a thousand times the original and has been responsible for assisting nearly 700 Glades families in securing homes.

Outward sign of the association's progress and growth is its modern functional home recently opened.

Army Recruiting Office Will Be Open All Week

The army air force recruiting office, 212 N. Dixie in West Palm Beach, will be open seven days a week from 8 a.m. until 4 p.m., according to Sergeant L. J. Genova.

Sergeant Genova is in Belle Glade on Tuesday from 1 to 4 p.m. and in Pahokee from 8 a.m. until 12.

## VFW Club Visited By Flying Squad

A "flying squad" of the State Beverage Department made a surprise visit to a local establishment last Friday night.

Officials preferred charges against Veterans of Foreign Wars for gambling in the club house.

## Trade Active And Prices Good At Livestock Market

Cattlemen described the Glades Cattle Market sale Friday as "hot." Trade was active in all classes of slaughter and stocker animals with 49 percent going to the packers.

The price of the sale went to Vandergrift-Williams Ranch, Pahokee, for a cow weighing 1,095 pounds. The animal sold for \$223. Roberto Arieta received \$4,982.77 for 78 calves.

In the transfer of 357 cattle and 160 calves, slaughter animals ranged from \$19 up to \$27 and slaughter calves sold for \$20 to \$27. Stocker steers brought \$11 to \$27 slaughter heifers \$18 to \$26 and calves \$21.50 to \$31.

PAR-TEE LINE

Beverages Country Club of the South

Asaf Weinman

Semi-finalists in the women's golf tournament played for top honors this week. Mrs. E. A. McCabe is winner and Mrs. C. J. Asper runner up of the first flight.

Mrs. Bernice Weeks defeated Mrs. Cliff Livingston in the second flight tournament. Mrs. Luther Jones will compete with Mrs. Leland Pearce for championship of the consolation flight today.

Those at the dance last Saturday night got an unexpected bonus. A buffet spread, prepared by the T.M.C. McWhorter, McCabe private party which preceded the dance, was served in the midnight hours.

## Earmen Elected Chairman FCD; Driggers New Member

Joe S. Earmen of Vero Beach was elected chairman and a \$3,633,000 budget was ratified last Saturday by the Central and South Florida Flood Control District. The budget lopped \$190,000 from figures first proposed as a measure of economy.

Earmen appointed Edward M. Daniel and Henry E. Driggers, a new member, as a committee to study the salary schedule and travel expenses of personnel. Earmen succeeded Dave Turner of Fort Lauderdale as chairman. N. J. Hayes, of Miami, was elected vice-chairman.

Outstanding among items of business, following reorganization and adoption of the budget, was the approval of the following objectives, as suggested in a letter from Stacey Rogers, general manager, and conveyed to the district engineer, corps of engineers.

1. Protection of lower East Coast areas from overflow from Everglades. 2. Protection of Lake Okechobee Agricultural area from flood runoffs; 3. Enclosure of major part of Okechobee Agricultural area; 4. Continuation of work on enlargement of St. Lucie Canal.

BOYDSTON WILL SPEAK TO ROTARY CLUB TODAY

George Boydston, local dairyman, will speak on "Mechanics of the Milking Machine and Milk Secretion" before the Rotary Club today.

Boydston plans to include information on principles of the let-down of milk and how it works, drying up cows, freshening, udder pressure and the udder and its development.

## County Delegation Are Hosts To All Fla. Legislature

Speaker-designate B. Elliott, Parson John of the Bollinger Clan and prominent Johnny, one of the "Tall Alls" More recently obtained the Florida Legislature on Saturday and Sunday with the dedication of the Lantana grounds, a climax on Sunday afternoon.

A hurried decision to invite the group by wire individually resulted in a committee headed by H. Blank of the Resources Board and joined in by the City of West Palm Beach. The County Commission, C&SF Flood Control District, organizations and individuals.

Guest cards for all Golf Clubs, fishing trips, special entertainment for the ladies, a banquet, and other social and recreational activities were provided the law makers, as well as privileges of the George Washington Hotel.

Hand-shaking, back-slapping convivial social pastime was enjoyed by the ladies. A male and serious conversations were evident periodically throughout the gathering as smaller groups gathered here and there.

Members of the Road Board were present, including the Chairman Mr. McKethan and our own Earl Barber, County Commissioners, Cabinet members, but very few hangers-on and "gimmie" boys.

A few rows were ploughed for the County and for Flood Control, for a sincere appreciation of the generosity and graciousness of the visitors.

There were an overwhelming majority of the State's legislators present to absorb the spirit of the occasion physically and mentally.

Our Delegation and the Committee that worked so hard to care for the party deserve a compliment and a "Thank You."

## NEW RESIDENTS URGED TO FILL OUT BLANKS

The chamber of commerce is working toward a complete city directory. Officials urge persons who came to Belle Glade after May 1 and college students to fill out the blank before the directory is printed.

The information should be forwarded to box 561, city. With the aid of material, chamber of commerce officials will be able to produce an accurate city count.

Name \_\_\_\_\_ Address \_\_\_\_\_ Occupation \_\_\_\_\_

## THE HERALD'S TENTH BIRTHDAY

If age brings growth and knowledge, as wise men say, the Belle Glade Herald is a bigger and better servant of the community than it was ten years ago today.

Fifteen back editions, we find the first "paper printed" July 26, 1940, in tabloid size. In a bottom corner appeared, "with building operations, testing new machinery and other unfavorable conditions, it has been quite some time to issue the first edition. So, if there are some mistakes, please forgive and we promise better service when we are fully organized."

First days of the Herald were spent under Everglades skies. It probably had the distinction of being the only open air newspaper in the county.

Reminiscing, Priater John Newton, who has been with the Herald since its infancy to address the first paper, says that only sheets of raw paper protected machinery from the elements. Scouring to double duty, workers stepped from scattered cement slabs under the machines on to mud floors in between.

Newton, eldest staff member in point of service and age, celebrated his 80th birthday this year at a Herald party. He also is the oldest active printer in the county.

C. J. Asper, chief type thrower, also has been with the Herald through its infancy to address the first paper, says that the Herald has grown and changed, but life went on then much as it does today. Following pages of the first paper say that the chamber of commerce had a supply of advertising stickers available, that persons holding government and food cards and desiring salt pork and potatoes should report at the city hall and that citizens should register for city elections.

The Herald has seen more years of war than peace. It strived to serve as a link between the boys at the front and those at home through letters and news during the last war, and it reached local boys in service keeping them informed of the progress of the corporation's livestock department.

Announcing the Herald's ambitions, an article read: "The Herald aims to be an independent newspaper devoted solely to presenting all the news of this section fully and fairly, and to promoting the welfare of the people to the best of its ability."

The pledge stands now as it did then.

## General Meeting Of Presbyterian Churches

The general meeting of the women of the Presbyterian Church was held Tuesday evening at the home of Mrs. L. D. Besant.

During the business meeting it was reported that the birthday gift had been sent to the adopted orphan, Betty Archer, at Barnwell Orphanage, Clinton, S.C. The following appointments were made by the president, Mrs. J. E. Thompson; Mrs. L. L. Price, permanent historian; Mrs. Robert Roadman, Chairman of Circles; Mrs. L. K. Campbell, Publicity Chairman. Mrs. Thompson announced that the Thursday morning prayer services will be continued and urged all to attend. Announcement also was made that family night will be observed every other Wednesday night with a pot-luck supper at the church, followed by the regular prayer meeting.

## FIRST GLADES DRAFT CALL

Ordered to report to the South Bay Bus Station on Thursday morning July 27th at 9:45 for a trip to Miami to undergo preliminary physical examination, the following fourteen Glades "Anti-Joes" is the first draft call from the Glades:

Clarence Bryant	Negro	South Bay
Elijah Brown	Negro	Belle Glade
Romas Lee Ralston	Negro	Belle Glade
James Lee Jones	Negro	Pahokee
Avont L. Cobb	Negro	South Bay
Isaac McKinley	White	Pahokee
Paul Allen Davis	White	Chosen
Lee Edwin Jeffers	White	Canal Point
Charles Mulkey, Jr.	Negro	Belle Glade
Freddie P. Lee	Negro	Pahokee
J. C. Osgurn	Negro	Belle Glade
Norman Guy Horton	White	South Bay
James F. Maner	White	Belle Glade

These are from the 24 and 25-year-old groups, and additional calls will drop down to the nineteen-year-olds.

General instructions haven't been given to Local Boards as yet, so as more men are called, lower age groups will be cleaned out for A-1's until all of those are exhausted. Then comes the scramble.

Deferments, exemptions, etc., will then be taken up and decided on regulations now being readied. All persons subject to the draft are urged to get their papers in order; addresses should be given to your Draft Board. Any person not answering Board mail in a certain length of time are listed as "delinquent." Any delinquent has no voice as to deferment or exemption—there's only one route, and that is induction. Be sure to let your Board know where you are and answer any letters right now, unless you want "The Man" after you with only one destination—induction.

## Post Office Work Ahead Of Schedule

Construction work on the new post office building, a Legion project, is ahead of schedule according to a report given by N. B. Willis at the organization's meeting Tuesday night.

Willis outlined work of obtaining the post office lease and construction activity.

Post members plan a banquet and dance for their next meeting to celebrate the project and to honor Willis for his work.

## CITY RECEIVES \$7,412 CIGARETTE TAX RETURN

Belle Glade's total cigarette tax return for April is \$7,412.78, according to notice of the State Beverage Department.

Returns of other Glades towns are: South Bay \$968.18; Pahokee \$2,428.47 and Clewiston, \$1,214.85.

Pictured is one side of the radio shack of the local Volunteer Electronics Platoon 6-23 of the Radio Reserve located at Okeechobee Camp. Here 11 active members drill and train in radio and electronics every Tuesday night.

One of the most completely equipped units in the section, the headquarters includes a radio code room, lecture and motion picture room and a power supply room. Equipment was installed last spring.

The platoon furnishes invaluable service as hurricane communication station for the Red Cross.

## City Forms Civil Defense Organization To Function During Local Emergencies

Mayor Rabin To Be Director Of Local Defense Program

Bowling teams from Belle Glade and West Palm Beach will have a return play in a tournament set for 8:30 Sunday afternoon at the Sugarland Bowling Alley in Clewiston.

Men and Women's teams will compete. In the last contest between the teams in West Palm Beach, Belle Glade was victorious.

Aware of the immediate importance of forming a Civil Defense Organization here, a large representation of citizens and public leaders drew up a skeleton plan at a public meeting Monday night in the city hall.

The organization is part of a master plan existing on national, state, county and community levels. It is to operate in any civil emergency which might arise including enemy action, domestic disturbances, hurricanes, floods, and epidemics.

Mayor Harold Rabin, organization director, stressed the seriousness of the situation and the importance of an efficient Civil Defense Organization.

With the organization outlined, Mayor Rabin stated that detailed plans will be developed pending further instruction and information from the county and national organizations. He said that meetings will be called when necessary.

Organization structure as outlined at the meeting follows:

Director—Mayor Harold J. Rabin; Executive Committee—city commission, C. M. Greene, W. A. Foster, Jr., (Advocacy), Cherry, I. W. West, Irvin Skupie (Chosen), Jim Wierenga (Okeechobee Labor Camp), Emmett H. Roberts (Okeechobee Labor Camp), R. V. Allison, W. T. Forsee (Experiment Station), F. O. Hebron (Belle Glade School), W. A. Foster, Jr., (Advocacy), Committee chairman, Guy D. Bender, Sr., L. E. Will (Fire), Charles Goodlett, Ray Whitlock, W. C. Young (Red Cross), Dr. Herman Bass, B. N. Will (Health), Junius Harris, C. T. Pennington (street department), W. C. Young (Red Cross), and W. C. Young (Red Cross).

## One Killed; Two Injured In Wreck

Ray Cook, 17, was killed and Charles Tryon, 17, and J. T. Lamb, 16, all of Belle Glade, were injured when their car skidded on wet pavement and side swiped four trees on the Palm Beach Road just west of the Experiment Station, about 2 p.m. yesterday. Cook was driving.

The three accident victims were rushed to the Belle Glade Memorial Hospital where Cook was declared dead on arrival. Tryon was treated for a head cut and released and Lamb was admitted for abrasions of the nose, contusions and possible concussion. His condition is satisfactory, according to Dr. Herman Bass, B.N. Will, physician in charge.

Front portion of the car was completely demolished, and the motor was thrown clear. The Berry Funeral Home is in charge of arrangements for Cook.

## Concrete Mixing Plant Operating For Glades Folk

It isn't philanthropy; its progressive business! Two Glades business men have sold themselves so strongly to the substantial economic growth and future of the Glades that they have stuck their necks out financially to acquire machinery and construct a plant for mixing concrete to be sold to Glades folks.

This gives the Glades the same advantage enjoyed by builders along the coast in having mixed concrete delivered to the job when and as it is wanted. There is a special mix wanted on the job at a specified time that can be had.

Of course, you will be charged for the mix, but it must be, and usually is, in line.

It's working to the advantage of the contractor and property owner in other places and certainly will for those in the Glades.

The plant is located at the Cattle Auction Market.

## DEMOLISH DANCE TO BE WEDNESDAY EVENING

The DeMolay's are sponsoring a dance at the Country Club of the Everglades next Wednesday, July 26, at 8:00 p.m. Admission will be 50 cents, but is stag or drag. Refreshments will be free.

There will be a Delolay meeting July 24th at 8:00 p.m. at Benevolence Hall. All members are urged to attend.

## Shootin' Blanks

It's summer time and the living is easy for some. But this reporter is having trouble. After walking down the street Wednesday morning, he decided the populace have all vanished to foreign resorts—all except one.

Decides gotta have patients, merchants gotta have customers and lawyers gotta have clients. It follows, newspaper reporter gotta have news. He decides to go to the beach. There are only two things to worry about. Either you get well or you die. If you get well there is nothing to worry about. If you die there are only two things to worry about. (Continued on Page 4)

SOUTH BAY  
BEAN CITY  
LAKE HARBOR

Andrew Nick returned home Sunday from Good Samaritan Hospital in West Palm Beach convalescent from a recent major operation.

Mrs. P. E. Goodbread and son Howell motored Mrs. John L. Crow and children Mike and Sharon to their home at Miami Springs from a weeks visit in South Bay.

Mr. and Mrs. Leon H. Willis and family are spending the summer visiting relatives and working in Okeechobee.

A. J. Strickland has moved from one of the Fisher cottages to the apartment in the rear of the Summerlin Filling Station.

Sgt. Doyle Varborough left Tuesday to rejoin his Airforce Unit at San Angelo, Texas, after a two weeks furlough at the home of his parents Mr. and Mrs. D. C. Varborough.

Postmaster and Mrs. Eric D. Hartline are on a vacation visit here in kinkfolk at Round Mountain, Ala. Former Postmistress Mrs. Maude Hartline of Delray is in the postoffice during their absence.

Karen Vadas spent the week with her cousins, Mr. and Mrs. Major Lee in Cleveland.

Mrs. Cora Marlowe has returned from St. Mary's Hospital in West Palm Beach convalescent from a recent major operation. Her daughter, Mrs. Ellis Blanchard, and grandsons, Blanche Powell and Freddie Blanchard of Tampa and granddaughter Miss Marjorie Touchstone of Ft. Myers have remained here to look after her business in her absence.

Calvin Peacock, seventh grade teacher and coach, left the last of this week for Gainesville where he will attend the second summer session at the University of Florida.

Mrs. Mallie Fay Walker, Donna Faye and Roger Walker, Mr. and Mrs. J. C. Warren and daughter Guinevere are spending a fortnight's vacation at Fort Myers Beach.

Mrs. Oather Teale has returned from Cullman, Ala. where she was called by the illness of her mother, Mrs. W. M. Howse.

Ellis Blanchard of Tampa spent the week end in South Bay with his family.

Mrs. C. J. Peacock and children, Skipper, Anita and Jerry left Saturday to spend the remainder of the summer with kinkfolk in Arkansas.

Mrs. Edna Walker, Marlene, Pauline and Rodney Walker, Mrs. M. C. Herring and sons Richard and Mickey are vacationing at Fort Myers beach. Mrs. Verda Huginboham and Mrs. Kathryn Cook are taking Mrs. Walker's and Marlene's places at the Everglades Restaurant in their absence.

Two Negroes from Hudson's Farm quarters near Bean City, were accidentally drowned Sunday shortly after noon while swimming in the Rim Canal off the government dike near Observation Point.

John Henry Jones, age 34, and son Rufford, age 19, were the victims. They had gone swimming with Eugene Harris and two sons. John Henry took his son on his back into the water to teach him to swim and Eugene reported that they went down and did not come up. He made an attempt at rescue and failed.

He summoned help. Deputy sheriffs Gibb Gross and Frank Presson and Chief of Police R. C. White responded. The body of the father was recovered from 35 feet of water about 2 o'clock by use of grappling hooks.

J. A. Henderson, Y. E. Smith, and Vernon Henderson of Lake Harbor, Sam Berry were among those at the scene and Vernon Henderson, Junior Dean and others continued diving for the child's body. It was brought to the surface about 3:10 by Buster Lowe, a Negro from Belle Glade.

The bodies were taken to the Taylor Funeral Home at Belle Glade to make arrangements for burial. Survivors are his wife Ella May Jones, two daughters, Cissie and Bobbie Rees, four sons, Eddie Gene, Ruben James, Wilard and Hazel. The family came from Dawson, Ga., two years ago and were employed by Frank Wilson at Hudson's Farm.

Woman Injured  
In Auto Accident

An out of state woman was injured in a highway accident west of Lake Harbor on State Road 80 Saturday afternoon when the car in which she was a passenger accidentally struck the rear end of a pick-up truck belonging to Joe Friedheim and driven by Joseph Crouch of Lake Harbor.

According to Deputy Sheriff Gibb Gross, who happened to be in Lake Harbor at the time and was at the scene of the accident, the pick-up was traveling at a speed of about 15 miles per hour and the Alabama car hit the rear end.

Highway Patrolman E. W. Brinson made the official investigation. Mr. and Mrs. Parker Fuller, their son, her father, Sam Martin, all of Tuscaloosa, Ala., and a nephew Gene H. Ingram, U. S. Navy stationed in California were enroute to Miami on vacation when the accident occurred. Mrs. Fuller was thrown against the windshield and had her neck cut. She was rushed to the Belle Glade Hospital by ambulance where 14 stitches were necessary to close the wound. She was later released from the hospital and the party continued on their way to Miami.

EDUCATION DEPT. PLANS  
MORE PRACTICAL COURSES

The State Department of Education's plan to beat down a bit more on courses designed to help pupils meet life's problems is heading in the right direction.

We believe that School Superintendent Thomas D. Bailey is right in wanting students to receive some instruction "in the areas of life in which they will participate as adults."

There is a vast quantity of factual information even the best student will soon forget after high school or college. Those subjects with which the student must continually deal in life, will be remembered through repetition of daily living. Therefore, it would appear worthwhile to teach at least the most important subjects which

will help the student with living.

An educational program should be somewhat flexible to meet the changing needs of society. The need for more emphasis on more areas of practical preparation for successful and happy living is apparent. A well-balanced mixture of the purely academic and the technique of everyday living will lead to better citizens of the future.

You're money ahead 4 ways  
with a new Chevrolet truck!

FIRST—Chevrolet's low purchase price means you're money ahead to start. SECOND—Chevrolet's great, action-packed Valve-in-Head engine plus the sensational new Power-Jet carburetor provides high-powered performance at low cost per mile. THIRD—there are rugged Advance-Design features that lower your maintenance costs by keeping Chevrolet trucks on the

road and out of the shop! And FOURTH—because these value-loaded trucks are preferred over any other make, their resale value is right at the top. Yes, you really save all around on a Chevrolet truck. Come in and get the full facts. Let us prove that—whatever your hauling need—you'll be money ahead with a Chevrolet Advance-Design truck!

ADVANCE-DESIGN TRUCKS

## Performance Leaders

Chevrolet's newest and most powerful trucks feature an improved 95-h.p. Turbodiesel Valve-in-Head engine and a brand new 1934-cu. in. Valve-in-Head engine. Smooth, quiet, consistent power is provided by the new Power-Jet carburetor. Synchro-Mesh transmission enables the driver to shift with greater ease, smoothness and safety.

## Payload Leaders

Chevrolet trucks deliver the goods at low cost per mile—and deliver them fast! Features like Chevrolet's Diaphragm Spring clutch for smooth engagement and load-holding and Unit-Design coils and bodies that are built for complete driver control enable you to meet the most demanding road conditions.

## Popularity Leaders

Chevrolet Advance-Design trucks are America's biggest sellers! That's because they recognize the value of each Chevrolet feature as a payoff in the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything from Chevrolet trucks.

## Price Leaders

Chevrolet's rock-bottom initial cost, economy of operation and upkeep, and high resale value add up to the lowest price for you. Compare values! Compare what you get for the price you pay. You'll find everything from Chevrolet trucks.
